Ces instructions se rapportent à un risque d'incendie, de chocs électriques ou de blessures corporelles.

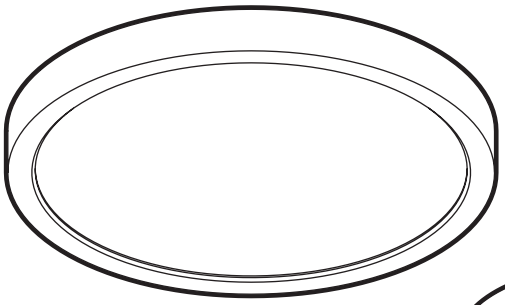

-ATTENTION- L'installation doit être éffectuée conformément au codes électriques locaux.
L'installation devrait être effectuée par un électricien qualifié.

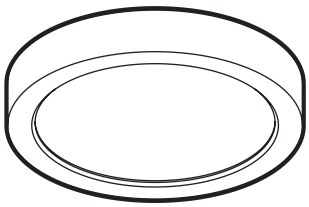

ROUND LED FLUSHMOUNT
PLAFONNIER RONDE DEL

	Lumens per fixture Nombre de lumen par luminaire	Total consumption Consommation totale	Light color Couleur de la lumière
GM-RND12-TUN	1450Lm	23W	2700K-3000K-4000K

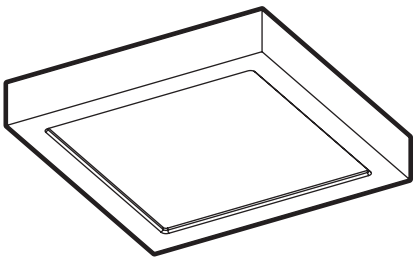

SQUARE LED FLUSHMOUNT
PLAFONNIER CARRÉ DEL

	Lumens per fixture Nombre de lumen par luminaire	Total consumption Consommation totale	Light color Couleur de la lumière
GM-SLD12-TUN	1450Lm	23W	2700K-3000K-4000K

Integrated driver is dimmable with most regular dimmers (Low voltage electronic dimmer suggested)
For best dimmability see compatible dimmer list.
Dimming range up to: 10%-100%.

Le transformateur intégré est graduable avec la plupart des gradateurs (Gradateur électronique bas voltage recommandé) Pour une gradation optimale, veuillez voir la liste de gradateur compatible.
Plage de gradation jusqu'à: 10%-100%.

Installation instructions / Instructions d'installation

1

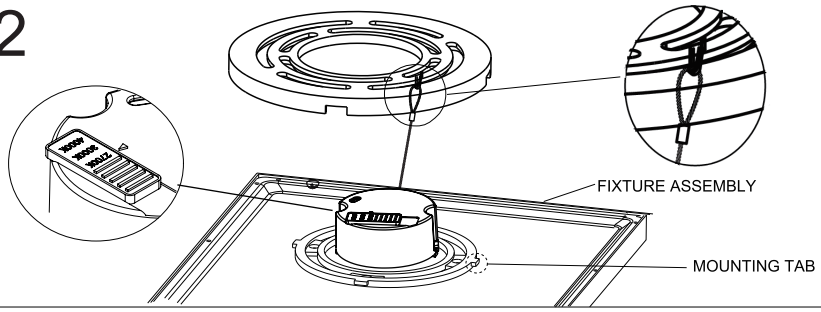

Aften installation

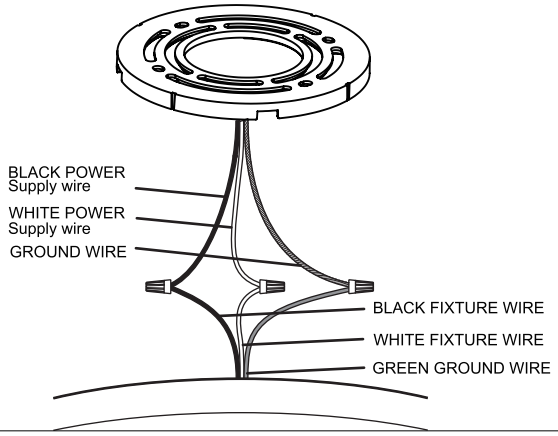

Hold Mounting Bracket up to junction box with flange facing down. Align breach side of the Mounting Bracket parallel to nearest wall. Screws mounting bracket to j-box.

2

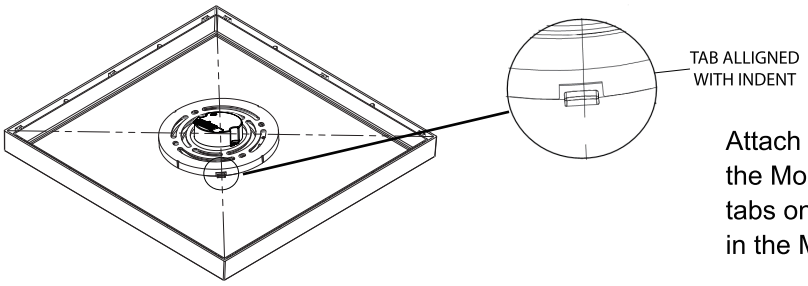

Before working wire connections,attach to hook side of safety cable on Mounting Bracket.

3

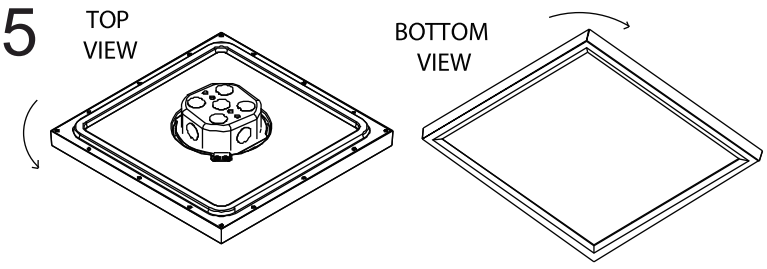

With the power turned off,
Connect the green groundwire from the fixture to the bare copper groundwire from the junction box using a wirenut(If house wiring does not include a ground wire, consult it your local electrical code for approved grounding methods) Use Wirenuts to connect black fixture wire to the black power supply wire and white fixture wire to the white power supply wire.

4

Attach provided to indents (opening) of the Mounting Bracket and align mounting tabs on back of the fixture with indents in the Mounting Bracket.

5

Using sticker on the fixture(reference point for mounting tab)and on the ceiling as reference point, lift fixture up to the ceiling and rotate clockwise until fixture is secured (45-degree turn until it locks).
